

## Goals of the Moscow Surfing Federation

The main goal of the public organization, Moscow Surfing Federation, is to promote and develop the promotion and development of surfing in Russia.

The public organization Moscow Surfing Federation, also referred to as “Federation” or “MSF”, is a voluntary association of individuals and legal entities. Its aimed at is the promotion and development of traditional surfing, increasing its social importance, as well as the overall improvement of athletic skills and Russia’s standing in international sports. This is in accordance with the Federal Sport and Physical Culture development strategy until up to 2020, MSF’s own goals and laws of the Russian Federation.

Our goal is to promote surfing in Moscow and the Moscow region, which will include: the promotion of surfing in Moscow and the Moscow region, including:

- - Infrastructure implementation and development
  - Increasing participation through development of new sporting sites
  - Support of existing sites, helpful in developing appropriate physical skills: pools, skate parks, trampoline parks, etc.
1. Promotion of professional sports
    - Organization of sporting events and related training and coaching programs
    - Support for Russian athletes
    - Management and support of the Moscow Surfing Federation team
    - Initiation and support of events, aimed at improving the improvement of coaching skill sets
  2. Promotion of popular sports and fitness
    - Master classes, festivals, exhibitions
    - Development and implementation of popular fitness programs
    - Coach training events
    - Support for sports clubs, training centers and sports communities
  3. Education, media and publishing
    - Content creation for media portals, social networks, television, radio, websites and periodicals
    - Educational events and shows: lectures, workshops, master classes and exhibitions
    - Networking like-minded people and establishing cooperation:
      - Establishment and development of international networking with native-national federations, leagues and international surfing organizations
      - Networking and skills trade among athletes, coaches and instructors
      - Creating favorable conditions for cooperation among specialists in different fields, including equipment manufacturers, surfing schools, associations and public figures
